Colorcoat® product: Colorcoat HPS200 Ultra® in Goosewing Grey and Colorcoat Prisma® in Silver Metallic

Platinum Plus® system guarantee

Platinum Plus® provides a complete building envelope solution guaranteed for 25 years.

Designed in collaboration with our innovative supply chain of leading component manufacturers, our comprehensive portfolios of high quality products are fully integrated to provide the widest range of roofing and cladding systems.

The Platinum Plus® guarantee includes, amongst others, the following components:

- Trisomet® insulated panel.
- Colorcoat HPS200 Ultra® or Colorcoat Prisma® pre-finished steel.
- Stainless steel fixings.
- Roof lights.
- Sealant.
- Fillers.
- Fall arrest systems.
- Flashings and gutters.

The guarantee is offered directly to building owners, giving a direct link back to Tata Steel as the one point of contact.

For full details of our approved components please contact our technical team on T: +44 (0) 1244 892199.

To ensure that the building envelope will perform as required by the client, we work with specifiers to tailor a specification that considers the interactions of the components and how they impact the building design and performance. We will then provide a detailed Platinum Plus® specification for use within the project tender package, together with a list of recommended installation contractors.

To guarantee the quality of components used on your building, our team of technical

construction experts will visit the site to check for compliance to specification, reducing the risk of any issues arising in the future.

Once the project is completed the installer will be required to apply for the guarantee using the supplied forms included in the specification document. Tata Steel will then issue the Platinum Plus® guarantee directly to the building owner.

How to raise a specification?

The Platinum Plus® system guarantee needs to be registered with the specifier prior to the tender package being distributed. Please contact our technical team so that we can help you to guarantee the longevity of your building on T: +44 (0) 1244 892199.
